CODING BOOT CAMP | AGES 5-9

Start Early, Code Like a PRO

Science proves that kids who learn coding early absorb it like a native language. Start late? It's like learning a foreign one.

What's in the Boot Camp?

Build games and interactive projects Create stories and animations with code Boost logic and creativity Live, child-friendly expert instructors Collect badges and complete fun challenges

Camp Schedule

- ✓ Dates: Sep - Nov, 2025
- ✓ Sessions: 1x per week (fun, 45-min each)
- ✓ Location: Hybrid
- ✓ Extras: Printable activity kits

Why BitCamp Kids?

- ✓ Coding taught like a language
- ✓ Perfect age window for future tech fluency
- ✓ Screen time that actually builds skills
